

REIGN OF TERROR

Occupier Violence in Al-Khalil (Hebron)

**A REPORTBACK from
INTERNATIONAL
ACTIVISTS**

Chelli Stanley and John Harmer

Chelli Stanley and John Harmer are members of the Tel Rumeida Project (www.telrumeidaproject.org) and have worked in the Tel Rumeida neighborhood in Al-Khalil (Hebron) since the project began in August 2005. The Tel Rumeida Project was formed as a response to increased settler violence in the neighborhood of Tel Rumeida. Tel Rumeida is a small Palestinian neighborhood widely-acknowledged as housing the most violent and extremist faction of the Israeli settler movement. Palestinian families who live directly next to these settlers are often virtual prisoners in their homes, subject to the settlers' violent attacks and destruction of property.

Chelli and John will speak about the current situation in Tel Rumeida and present documentary footage of settler attacks filmed in the neighborhood since the Tel Rumeida Project began.
