

# **PALESTINE THE ELECTIONS & U.S. POLITICS FORUM AND DISCUSSION**

Join us to find out what the candidates have to say about Palestine - and how that fits into the history of US imperialism and support for Zionist colonialism in Palestine. Discuss what's happening today - and how we can work, no matter what the result of the elections, for justice in Palestine. Bring your thoughts and questions about the two-party system, the 2004 elections, Palestine, and what we in the US can do to challenge colonialism in Palestine and the suppression of Palestinian voices.
