

What You Can Do

Get involved! Whether you can dedicate an hour of your time, or much more, your involvement is critical for raising awareness about Palestine and building a solidarity movement that is capable of bringing about great change and providing meaningful support to the Palestinian national liberation movement. There are many ways in which your help is vital, needed and wanted.

Join us! We welcome new members and activists. Your participation in planning events and actions, writing and preparing materials, reaching out to your communities, and working together to build a movement in support of the Palestinian people is essential. Please contact us to find out where and when you can come to a meeting and get involved with our work.

Start a new chapter in your area! If you are interested in joining NJS's work, but are out of our current area of activity, start a local chapter! We can help to provide you with materials, information and resources to build NJS in your community. With your associates and allies, you can build a strong chapter that can organize events, demonstrations and work to build a community-based movement.

Host an NJS speaker or event! Your organization, church, mosque, student group or community center can work with NJS to plan an event to educate your members about Palestine or mobilize your community to action in solidarity with Palestine. If you would like to bring a speaker, host a film showing, or work together to produce any other type of event to support justice in Palestine, please contact us.

Distribute literature and flyers! NJS has many resources - educational materials, literature and flyers - that you can distribute in your community, workplace, place of worship, labor organization, and neighborhood. We will be happy to supply you with the materials you need to educate those around you about Palestine and inspire them to take action.

Donate! Your financial support is critical to maintaining NJS's important programming and activities. As a grass-roots organization, we rely entirely on the support of concerned people of conscience to maintain our activities. NJS's work has reached many thousands of New Jerseyans - and people across the U.S. and around the world - with the truth about Palestine. Your support makes that work possible. Help it to continue.
